

***BELIEVE IN ME***  
Words and Music by Greg Derby © 2007

Would you believe in me?  
If I start a new country

Hard times, hard times, when there's nothing to believe  
When the one's who lead us, live only to deceive  
Anger rising brings us out into the street  
Change is coming, gonna knock you off your feet

We can do better  
We can start over

Would you believe in me?  
If I stood up in the crowd  
Would you believe in me?  
If I said these words out loud  
Would you believe in me?  
If I rose up off my knees  
Would you believe in me?  
If I start a new country (chorus)

Cold wind, cold wind blowing through this land  
Where lies of purpose starve our spirit and tie our hands  
Still there is no power, beyond our reprimand  
New dawn rising, time to take a stand

We can do better  
We can start over

Chorus

Would you believe?  
Would you believe?  
We can do better  
We can start over, over, over

Chorus
