

### ***RIDE ON***

**Words and Music by Greg Derby © 2006**

Working day is ending I can hear the open road  
100 miles calling follow me I'll take you home  
Wind upon my hair and the sun upon my back  
Baby's out there waiting gonna paint this highway black

Ride On  
Freedom is a Highway  
Ride On  
Freedom is a Highway  
Ride On  
Freedom is a Highway  
Ride On  
Freedom is a Highway (chorus)

There's nothing like the feeling of your hands upon the wheel  
The power of the motion is a joy I can't conceal  
And when the notion takes me, I'll drive it through the night  
And park it by the ocean watch the darkness turn to light

Chorus

The long weekend is fading as we make it back to town  
Baby takes my hand says its time to settle down  
Nothing work week coming 6 am tomorrow morn  
I'll drive those 100 miles and maybe keep on goin'

Chorus
